Anurag Mairal

Anurag Mairal
Director, Global Outreach Programs, Stanford Byers Center for Biodesign

Dr. Mairal is the Director for global outreach at the Stanford Byers Center for Biodesign and has extensive experience in technology development and commercialization, collaborating with partners in the U.S., India, China, and other emerging markets to advance product development, manufacturing, and distribution. He is deeply embedded in the silicon valley ecosystem. Dr. Mairal is a PhD in chemical engineering from the University of Colorado at Boulder and an MBA from the Haas School of Business at the University of California at Berkeley.

About the Organizers

BIRAC Regional Bio-Innovation Center (BRBC) is a resource intensive center set up by BIRAC at Venture Center. Through its diverse initiatives, BRBC aims to significantly impact the translation of high quality innovative ideas across diverse ecosystems into viable and sustainable business enterprises. BRBC Initiatives: Venture Mentoring Service; Venture Base Camps; Regulatory Information and Facilitation Center; BioIncubation Practice School
